WELCOME ADDRESS

Dear Freshmen,

It has been a wonderful journey and a great victory won.

Here, the journey begins of your career, your future, and your life.

The Association congratulates you on your admission to pursue Bsc. Food Science and Technology.

We are happy to have you as part of our family. Stay calm and be prepared for another exciting journey.

It won't be easy but when all is achieved through perseverance and hardwork

There will be another victory to celebrate. From now on wards, you guys are a part of us

AFSTS Executives,
2022 / 23

ABOUT US

ASSOCIATION OF FOOD SCIENCE AND TECHNOLOGY STUDENTS (AFSTS) is an organizational body that serves as the mouthpiece of the members to the authorities of the department and other organizations on behalf of the students.

All Food Science and Technology students are by the AFSTS constitution made members of the organization and are expected to partake fully in all the association's activities.

The Association is made up of various committees and boards namely;

- The Academic Board
- The Editorial Board
- The Organising Committee
- The TRATECH Committee
- The Sports Committee
- Judicial Committee
- Electoral Commission
- Women Commission

COMMITTEES IN AFSTS

There are a number of committees and boards that work cooperatively to execute the various activities of the department and the association. The committee heads are appointed by the executive body and members are vetted before joining the team.

These committees are

ACADEMIC COMMITTEE

The academic board is geared towards seeing to the academic success of all students in the department. The board teams with other committees to organize educative programs and other skill fairs in the quest to ensure students success in all areas relating to academic life. The academic board prioritizes the success of students in academics and as such provides mentors to assist students on a personal level, organizes tutorial sessions to help in the better understanding and revision of certain courses and the Quiz-buss which also educates students in a more entertaining way.

HEALTH COMMITTEE

The health committee is aimed at educating students on general health topics and ensuring the general well-being of students as well as their mental health. This is achieved through intensive awareness, outreaches and public education in various classrooms.

WELFARE COMMITTEE

The welfare committee provides help to students who need assistance in accessing the various scholarships and other aids available to them in the department, college and beyond as well as ensuring the general well-being of students.

SPORTS COMMITTEE

The sports committee organizes training, coaching sessions and education on sporting to students and provides tips to maintain physical fitness. The committee collaborates with the organizing committee to organize the all exciting socioarobics event which unites the student body.

COMMITTEES IN AFSTS

FRESHERS MAG 22/23

PUBLICITY COMMITTEE

The Publicity committee publicizes all activities organized by the department and all other things relating to the department and association via online platforms (social media handles) and also through in person communication.

TRATECH COMMITTEE

The trade and technology committee makes room for students to bring up innovative ideologies from the theories learnt in the various courses in the fields of trade and technology. The committee cooperates with other committees to organize skill fairs in the areas of yogurt production, soap making, graphic designing and computer programming to equip students with basic skills.

OUTREACH COMMITTEE

The outreach committee is responsible for creating awareness on general topics relating to food science and Technology. In the past year the outreach committee organized an outreach to the market places to educate the women on food safety.

EDITORIAL COMMITTEE

The Editorial board consists of designers, editors, content creators and social media admins who work cooperatively with the publicity committee to make premium flyers of all events and publish them in order to have maximum engagement of the student body.

CAREER PROSPECTS IN FOOD SCIENCE AND TECHNOLOGY

Undoubtedly, the food science and technology program is one of the most exciting, beneficial and propitious programs to study in the university! Oh yes this is because at the end of the 4-year study, you will acquire both scientific and technical expertise which is needed in various careers in the food and drink industry, nutrition and research field as well as the public health sector.

Below are few of many jobs in the field of food science and technology;

FOOD TECHNOLOGIST

The work of a food technologist can be varied from developing recipes and modifying manufacturing processes to managing the safety and legality of food

PRODUCTION MANAGER

As a production manager, you'll make sure goods and services are produced safely, cost-effectively and on time and that they meet the required quality standards

CAREER PROSPECTS IN FOOD SCIENCE AND TECHNOLOGY

NUTRITIONIST

Nutritionists use their food science knowledge to help individuals and groups make the right choices about what they eat.

QUALITY MANAGER

Quality managers aim to ensure that the products or services an organization provides are fit for purpose, legally compliant and meet customer expectation
